Cal State Apply
Guide for RN-BSN Application

Visit Cal State Apply (https://www2.calstate.edu/apply). You will want to select “transfer” as shown below.

No matter if you are a transfer student with only 60 or more semester units, an Associate degree, or bachelor’s degree earned, you must select “transfer” for the RN-BSN program.

Select “Apply for Spring 2019”.

If you have created an account through Cal State Apply, you will then need to enter your username and password. Click “sign in”. If you do not have an account, click “Create an Account”.

If you created an account with CSU Mentor (previous application system for Cal State Fullerton), you will not be able to use the same username and password. You must create an account through Cal State Apply.

Once you create your account, you will be directed to “Complete your Profile”. Select “Undergraduate” in the Education section.

Please note that the RN-BSN program is an undergraduate program. If you have a bachelor’s degree from a regionally accredited institution, you will still select “Undergraduate” as you are obtaining another bachelor’s degree.

**Education**

* What level of degree are you seeking?

Only select Graduate, including Credential and Certificate Programs if you have a Bachelor’s degree (or will have a Bachelor’s degree by your program start date) and are seeking a Master’s degree, teaching certificate or post-baccalaureate degree.

Only select Undergraduate if you are:

- A graduating high school senior or equivalent
- Seeking a Bachelor’s degree and are transferring from another institution
- Seeking a second Bachelor’s degree

[Undergraduate] [Graduate, including Credential and Certificate Programs]

If you select the wrong section, you will be required to log back into your application or create an additional application and pay the $55 fee again. Make sure that you are selecting the correct option!
